One of the highest eye muscle females in Australia. Structurally sound, prolific donor. Outstanding pedigree. 338 x 558H daughters are amongst the most powerful females in the USA. They have to be seen to be believed. Our predecessors paid US\$150,000 to flush Davis YR Blackbird 558H. Of the 19 eggs produced, A207 has always been number one. A207 Progeny sell, including donor C89 below. These Blackbird genetics are available to enhance your program! WFOA207 is AMF & NHC. Sells open.

The Glen Bold Dispersal Sale in 1997, was dominated by our predecessor, the late Mr John Roberts, who in the company of Landmark's Mr Kevin Norris, bought ten of the best cows. Of the six survivors, most were too old to travel from WA. We bit the bullet with R05. She has flushed well and produced superb 2V1 progeny. Another house cow. Sells open.
